

1. Which one of the following can lead to permanent back injury for computer users who use it for a long time?
 - a. Low screen resolution
 - b. Lack of proper lightening
 - c. **Not using adjustable chair**
 - d. Lack of proper cabling
2. =SUM (B3:B7), here SUM is a:
 - a) Formula
 - b) **Function**
 - c) Cell headings
 - d) None of the above
3. Which type of window/file is running in memory?
 - a) Closed
 - b) **Minimized**
 - c) Deleted
 - d) None of the above
4. In MS-Word, the Help window does NOT allow you to search for a topic. This statement is:
 - a) True
 - b) **False**
5. How can you select a word in MS office?
 - a) **Double click anywhere in the word.**
 - b) Triple click anywhere in the word.
 - c) Single click anywhere in the word.
 - d) Right click anywhere in the word.
6. Which one is not an example off-site backup?
 - a) Backup data into another Hard Disk
 - b) Backup data into a CD/DVD
 - c) Backup data into a pen drive
 - d) **Backup data into an online database**
7. What is the name of the button which you see at the bottom left of your screen?
 - a) Network button
 - b) Computer button
 - c) Sound button
 - d) **Start button**
8. "You can change default search engine of your browser." This statement is:
 - a) **True**
 - b) False
9. Input Masks only work with _____ data types.
 - a) Number & Currency
 - b) Text & Currency
 - c) Text & Number
 - d) **Text & Date**
10. Which one is both input and output device
 - a. Headphone
 - b. **Modem**
 - c. Touch pad
 - d. Speaker
11. Speaker is an input device. The statement is _____.
 - a. True
 - b. **False**
12. Which of the following is a self-replicating computer program that sends copies of itself to other computers via a network without the user's knowledge?
 - a. Viruses
 - b. Trojans
 - c. Spam
 - d. **Worms**
13. After preparing an email when you save and close it, in which folder would it be saved?
 - a. Inbox
 - b. Sent
 - c. **Draft**
 - d. Spam
14. Which one is the correct file extension of MS Word 2016?
 - a. .doc
 - b. **.docx**
 - c. .docs
 - d. .doxs
15. In MS-Office, as the width of the ribbon decreases, the size, shape, and presence of buttons on the ribbon adapt to the available
 - a. Horizontal
 - b. Vertical
 - c. **Dynamic**
 - d. None of the above
16. If you click on maximize button the window will maximize and the button name will replace with _____.
 - a. Minimize
 - b. Remain Maximize
 - c. **Restore down**
 - d. All of the above
17. Data and programs stored in RAM _____
 - a. Are permanent
 - b. **Are temporary**
 - c. Can be reopened after restarting the PC
 - d. Both B & C
18. Antivirus software can detect viruses which the software knows about or not. The statement is _____.
 - a. True
 - b. **False**
19. The hard disk where the operating system stores is called _____.
 - a. **Internal Hard Disk**
 - b. External Hard Disk
 - c. Secondary Hard Disk
 - d. All of the above
20. Application software work among hardware to run a machine. The statement is _____.
 - a. True
 - b. **False**
21. In MS-Excel, to make a complicated workbook much easier to understand you should use meaningful names for your worksheets instead of the default names Sheet1, Sheet2 etc. This statement is:
 - a. **True**
 - b. False
22. Which of the following should you use if you want all the slides in the presentation to have the same look?
 - a. The slide layout option
 - b. Add a slide option
 - c. Add different style slide
 - d. **Presentation design template**
23. Which one of the following secures your network from access by unauthorized user?
 - a. RAM
 - b. **Operating System**

- c. **Firewall**
d. Internet Explorer
24. To open or run an item on your Desktop which one you might do?
a. Single click on left mouse button
b. **Double click on left mouse button**
c. Single click on the right mouse button
d. Double click on the right mouse button
25. .doc, .jpg are the examples of _____.
a. File Name
b. Folder Name
c. **File Extensions**
d. File Title
26. Animation effect can be added on _____ of your slides.
a. **Text and Graphics**
b. Graphics only
c. Text only
d. Tables only
27. Which one is NOT true about web browsers?
a. You can change Home Page from your browser.
b. You can bookmark any page to remember
c. **You cannot delete history from your browser**
d. You can set multiple Home Pages in your browser
28. abc@gmail.com here Gmail is called _____.
a. User name
b. **Sub-domain**
c. Top level domain
d. Email user name
29. A _____ is a way of providing content such as radio programs in a form which can easily downloaded and listened to later on a PC or mobile devices.
a. **Podcast**
b. Radio
c. Television
d. None of the above
30. Which one of the following indicates that the slide is hidden in MS PowerPoint 2016?
a. **A diagonal line through at the slide number.**
b. A horizontal line through at the slide number
c. A vertical line through at the slide number
d. None of the above
31. How can you return to Normal view from Reading view in MS PowerPoint 2016?
a. Press Esc button on keyboard.
b. Click on normal view icon.
c. Press Ctrl + Z.
d. **Both A & B is correct.**
32. A code which is attached to an email to uniquely identify the send is called _____.
a. Spam
b. Email data
c. **Digital signature**
d. Attachment
33. abc@gmail.com here abc is called _____.
a. **User name**
b. Sub-domain
c. Top level domain
d. End of user name
34. Which one of the following is used to move, copy & delete slides from the presentation easily when you have many slides?
a. **Slide Master View**
b. Slide Sorter View
c. Reading View
d. Slide show View
35. Which of the following is NOT true about bookmarks?
a. You can bookmark a site to reuse it.
b. **Bookmarking a site permanently deletes it from browser history**
c. You can save a bookmark item in a specific folder.
d. You can delete a bookmark folder.
36. If you want to set logo at the same position on all slides which options do you choose?
a. Hands Out
b. Out Line
c. **Slide Master**
d. All of the above
37. Which one is the protocol name of the URL:
<http://www.google.com>?
a. **http**
b. www
c. google
d. com
38. Which of the following indicates a secured website in a browser?
a. Refresh
b. Search
c. **Padlock**
d. https://
39. When you create a video in MS PowerPoint 2016 it will be by default saved in _____ file format.
a. **.mp4**
b. .avi
c. .flv
d. .mov
40. On your browser where you type the web address is called _____.
a. Title bar
b. **Address bar**
c. Web bar
d. All of the above
41. "CC stands for carbon copy and all recipients can see the CC email address easily." The statement is _____.
a. **True**
b. False
42. Phishing is used by _____.
a. Banks to obtain your information
b. Credit Card companies to obtain your information
c. **Criminals to obtain your information**
d. Debit Card companies obtain your information
43. Which of the following is correct when you set multiple web pages as home pages of your browser?
a. Only first web page will open when you start browser.
b. Different web pages open at different times when you start browser.
c. **Web pages saved as home pages open when you open the browser**

- d. Only last web page will open when you start browser.
44. Web browser keeps a log of the Web sites you have visited. This is called _____.
 a. **History**
 b. Cookie
 c. Spyware
 d. Fraud
45. "When you insert a chart in MS PowerPoint 2016 a small Excel worksheet will appear by default". This statement is:
 a. **True**
 b. False
46. In which view of presentation are the slide thumbnails displayed to the left and the selected slide is displayed to the right?
 a. **Normal View**
 b. Slide Sorter View
 c. Reading View
 d. Slide Show View
47. When you send a mail from the Draft folder then what will happen?
 a. The mail will be sent and a copy will be saved in Draft.
 b. The mail will be transferred to your Inbox Items.
 c. **The mail will be sent and a copy will be saved in the Sent Items folder.**
 d. The mail will be sent without saving a copy anywhere
48. Which one of the following enables you to insert text anywhere in your slide in MS-PowerPoint?
 a. **Text Box**
 b. Placeholder of template
 c. Title placeholder
 d. None of the above
49. "BCC stands for blind carbon copy and all recipients can see the BCC email address easily." This statement is _____.
 a. True
 b. **False**
50. "When you open an email account you entered data and submit it." It is actually a _____.
 a. Table
 b. Database
 c. **Form**
 d. None of the above
51. A code which is attached to an email to uniquely identify the sender is called _____.
 a. Spam
 b. Email data
 c. **Digital signature**
 d. Attachment
52. If you click on Reply to all which replying to a mail, who will receive the mail?
 a. Only Sender of the mail
 b. **Both sender and the persons whose email addresses are in the Cc of the original mail**
 c. You, sender and Cc of the mail
 d. None of the above
53. Which bar of your browser alerts your security related conditions?
 a. **Address bar**
 b. Information bar
 c. Title bar
 d. None of the above
54. By using which key you can take a picture of your screen?
 a) **Print Screen key**
 b) Home Key
 c) Insert Key
 d) Esc Key
55. Which one is not a paragraph formatting in MS Word?
 a) Specify paragraph spacing
 b) **Using uppercase of lowercase**
 c) Using indent
 d) Specify line space
56. Which one is the disadvantage of broadband internet connection?
 a) Always on
 b) Flat fee payment
 c) **Risk of intruder attack**
 d) All of above
57. When you open an email account you can enter data and submit it. It is actually a _____.
 a) Table
 b) Database
 c) **Form**
 d) None of the above
58. To find out the exact phrase you have entered in the search engine during search which one is appropriate format?
 a) "Film Review"
 b) Film Review
 c) **"Film Review"**
 d) #Film Review#
59. "BCC stands for blind carbon copy and all recipients can see the BCC email address easily. This statement is _____.
 a) True
 b) **False**
60. An MS-Word template can only be used once. This statement is:
 a) Closed
 b) **Minimized**
 c) Deleted
 d) None of the above
61. When you insert a chart in MS PowerPoint 2016 a small Excel worksheet will appear by default. This statement is:
 a) **True**
 b) False
62. If you want to copy a row and paste it as a column in MS Excel, which option of Paste Special must you select?
 a) Paste link
 b) **Transpose**
 c) Skip blank
 d) formulas
63. In MS-Word, pressing the F1 key:
 a) displays the pen dialog box
 b) Displays formatting dialog box
 c) **Displays the Help window**
 d) inserts the Clipboard contents
64. Which one is an example of download?

- a) Insert an image from your PC to a website
b) Copy a video from your computer to client server
c) Copy a file from your computer to another computer
d) Copy an application from another PC to your PC
65. If you set validation rule for a field data user can enter any value without any restriction. The statement is---
a) True
b) False
66. Shareware is a permanent free version of a software. The statement is _____
a) True
b) False
67. More RAM results in
a) Higher clock speed of the CPU
b) More space for files stored on disk
c) More space for working files and programs
d) Decrease in computer's speed
68. A _____ is a way of providing content such as radio programs in a form which can be easily downloaded and listened to later on a the PC or mobile devices.
a) Podcast
b) Radio
c) Television
d) None of the above
69. The keyboard shortcut for creating a new Word document is
a) Ctrl + A
b) Alt + N
c) Ctrl + G
d) Ctrl + N
70. Which one is the highest storage capacity measurement unit of the following?
a. MB
b. GB
c. KB
d. TB
71. From which option of Windows 10 can we customize our desktop theme and background?
a) Display option
b) Personalization option
c) Screen Saver Settings option
d) Desktop Icon Settings option
72. Which one is the disadvantage of E-Commerce?
a. Twenty-four hours service available
b. Possible credit card fraud
c. Detail product information
d. Ability to compare price
73. Backup files which have been newly created or modified since the last backup is called
a. Incremental backup
b. Complete backup
c. Online backup
d. Offline backup
74. What will happen when you click on minimize button?
a. It will close
b. It will display widely
c. It will have disappeared and stay to taskbar
d. All of the above
75. Who is responsible for personal data disclosure?
a. Data controller
b. Person who provide own data
c. Authority who gathered data
d. Both A & C are correct
76. Which of the following programs hide themselves on your disks and can destroy all
a. Spyware
b. Virus
c. Cookies
d. None of the above
77. The recorded navigation bar is located at the _____ of your screen, once you have opened a table.
a. Bottom-Left
b) Bottom-Right
c) Top-Left
d) Top-Right
- 
78. What is the name of above button of your windows 10?
a. Menu Button
b. Start Button
c. Show Hide Button
d. Network Button
79. The basic unit of a worksheet into which you enter data in Excel is called a -----
a. Cell
b) Field
c) Box
d) Text Box
80. MS-Word is:
a) **An application software**
b) A compiler
c) A system
d) A programming language
81. To display a character above the normal text line (e.g., $E=mc^2$) which formatting is applied? a) Hanging indent
b) Small font size
c) Superscript
d) Subscript
82. Which one is the mandatory element to make up a computer?
a) CD Drive
b) Sound box
c) RAM
d) Webcam
83. Which type of memory does a PC share for graphics when graphics card is low?
a) ROM
b) RAM
c) CPU
d) HDD
84. Which of the following is a parental control application for safe browsing?
a) Cyber patrol

- b) CM Security
- c) Avast
- d) MS PowerPoint

85. What is part shown in red square used for?

- a) Changing front size
 - b) Changing text formatting
 - c) **Changing zoom level**
 - d) Changing alignment
86. Which is dangerous and cause of a potential fire hazard?
- a) Improper network cabling
 - b) **Overloading of a power point**
 - c) Low loading of a power point
 - d) Misconnection of peripheral devices
87. Which type of connection is accessed by authorized members of an organization?
- a) Internet
 - b) **Intranet**
 - c) Extranet
 - d) All of the above
88. By convention which drive is called Hard Drive?
- a) A
 - b) B
 - c) **C**
 - d) D
89. If you click on Reply to all while replying to a mail who will receive the mail?
- a) Only Sender of the mail
 - b) **Both sender and the persons whose email address are in the CC of the original mail**
 - c) You, sender and CC of the mail
 - d) None of the above
90. Which one is not the example of Really Simple Syndication (RSS)?
- a) Tickertapes
 - b) **VoIP**
 - c) Podcasts
 - d) News headlines
91. Using many colors for fonts on a single page in an official document:
- a) Gives your document a professional look
 - b) **Gives an unprofessional look to your document**
 - c) Proves that You are an expert MS-Word user
 - d) You do not know paragraph formatting
92. If you want to insert a column after column B in MS Excel, which column should you select?
- a) Column B
 - b) **Column C**
 - c) Column A
 - d) Column D
93. When you display a Web site within your Web Browser, a copy of the information (both text and pictures) is saved on your hard disk is known as
- a) History
 - b) **Internet cache**
 - c) Both of the above
 - d) None of the above.

94. MS-Excel, to take a complicated workbook much easier to understand you should use meaningful names for your worksheets instead of the default names Sheet, Sheet2. Etc. This statement is:
- a) **True**
 - b) False
95. To close your computer which option do you click?
- a) **Shut down**
 - b) Sign Out
 - c) Sleep
 - d) Restart
96. Application Software work among hardware to run a machine. The statement is _____
- a) True
 - b) **False**
97. Which one is the protocol name of the URL: <http://www.google.com?>
- a) **http (Protocol)**
 - b) www (Sub-domain)
 - c) google (Root domain)
 - d) .com (Top level domain)
98. Which one is correct for drag and drop?
- a) Copy and paste a file
 - b) Cut and paste a file
 - c) **Moving a file keeping left mouse button press and release another place**
 - d) None of the above
99. Which part of CPU is responsible for controlling the sequencing and timing of the other elements?
- a) **Control Unit**
 - b) Arithmetic Logic Unit
 - c) Registers
 - d) BUS
100. The physical component of a computer is known as _____
- a) **Hardware**
 - b) Software
 - c) Malware
 - d) Operating System
101. Portrait and Landscape are Two type of _____
- a) Program files
 - b) Data files
 - c) Both A and B
 - d) **None of the above**
102. CC stands for carbon copy and all recipients can see the CC email address easily. The statement is _____
- a) **True.**
 - b) False
103. What is the task of registers?
- a) It transports data between the memory and registers
 - b) Mathematical calculation
 - c) It is responsible for controlling the sequencing
 - d) **It holds the data that is worked on by the ALU**
104. Which one of the following is not the factor that affect computer performance?
- a) CPU Speed
 - b) **HDD**
 - c) RAM
 - d) Graphics Card
105. Which one of the following not only to display test on a monitor but also to read the text to you?

- a) Speakers
 - b) Headphones
 - c) **Speech synthesizers**
 - d) All of the above
106. What type of network WLAN is?
- a. Local area Network using cable
 - b. Local area network using wireless technology**
 - c. Local area network using switch/hub, cable and connector
 - d. None of the above
107. Which one of the following is the CPU speed measurement unit?
- (a) **GHz**
 - (b) MB
 - (c) MBps
 - (d) None of the above
108. Portrait and Landscape are two types of_____.
- b) Page size
 - c) Page Layout
 - d) **Page Orientation**
 - e) Page Margin
109. Which one is the available screen saver of Windows 10?
- (a) Bubbles
 - (b) 3D text
 - (c) Photos
 - All of the above**
110. In MS- Word, using the option Save As instead of just Save allows you to:
- b) Delete the file from disk
 - c) **Save the file in a different folder**
 - d) Save the file as a database
 - e) Save the file in the ROM
111. "Web browser keeps a log of the Web sites you have visited and this is called a cookie." This statement is_____
- a. True
 - b. False**
112. Animation effect can be added on _____of your slides.
- a. Text and graphics**
 - b. Graphics only
 - c. Text only
 - d. Tables only
113. The bar normally displayed along the bottom edge of the application window is called_____.
- a. Task bar
 - b. Status bar**
 - c. Title bar
 - d. Menu bar
114. Which one of the following can lead to potential fire hazard for a computer user?
- a. Over-loading of a power socket**
 - b. Lack of proper lightening
 - c. Not using adjustable chair
 - d. Lack of proper display
115. You can enter, edit, and manipulate the information in a database in many ways through_____.
- a. Database Type
 - b. Database objects**
 - c. Database Relationship
 - d. None of the above
116. What will happen when you single click left mouse button on a file in windows 10?
- a. Open it
 - b. Select it**
 - c. A pop up menu open
 - d. Move it
117. In MS- Excel, in order to select multiple cells that are NOT next to each other, click on the first cell you need to select pressed click on the other cells;
- a. Shift
 - b. Ctrl**
 - c. Alt
 - d. Windows
118. Which type of memory does a PC share for graphic when graphic card being low?
- a. ROM
 - b. RAM**
 - c. CPU
 - d. HDD
119. Which of the following would you do to select a single word in MS- Word?
- a. Double click anywhere on the word**
 - b. Use shift and arrow keys to select the word
 - c. Both A and B are Correct
 - d. Use Ctrl key and the mouse to select the word
120. Where does show Hidden icon located?
- a. Left bottom of your desktop
 - b. Right bottom of your desktop**
 - c. Left top of your desktop
 - d. Right top of your desktop
121. Which one of the following do you use to measure internet speed?
- a. MB
 - b. MBps**
 - c. GB
 - d. GHz
122. What is the task of BUS?
- a. It transports data between the memory and registers**
 - b. It is responsible for controlling the sequencing
 - c. Mathematical calculation
 - d. It holds the data that is worked on by the ALU
123. Speaker is an input device. The statement is_____
- a. True
 - b. False**
124. Changing the an case of text means changing the text's;
- a) Font size
 - b) Capitalization**
 - c) Alignment
 - d) Position
125. The hard disk you can plug into your computer to store backup is called_____.
- a. Internal Hard Disk
 - b. Primary Hard Disk
 - c. External Hard Disk**
 - d. All of the above
126. "abc@gmail.com" here abc is called_____.
- a) User name**

- b) Sub-domain
 - c) top level domain
 - d) end of use name
126. Which type of printers are used for high volume/low quality printing?
- a. **Dot Matrix printers**
 - b. Laser printers
 - c. Color laser printers
 - d. Inkjet printers
127. Which function is used to count how many numbers are there in a list in Excel?
- a. COLUMNS
 - b. **COUNT**
 - c. COUNTA
 - d. MAX
128. If you click on Reply button of an incoming email what will happen?
- a) An email will be created with all recipient email Address.
 - b) **An email will be created create with the original sender email address.**
 - c) An email will be created with sender email address and will be sent.
 - d) None of the above
129. If you click on "Always Allow Pop-Ups from this Site" From the information bar of a browser it will allow you browser. This statement is:
- a) **True**
 - b) False
130. Animation effect can be added on of your slides.
- a) **Text and graphics**
 - b) Graphics only
 - c) Text only
 - d) Tables only
131. Which of the following statement is true about cut, copy and paste?
- a) If you cut a word and paste it in another palkce it nwill apper in both place
 - b) **If you copy a word and paste it in another place it will apper in both places**
 - c) You can paste anyt word anywhere without cut or copy
 - d) None of the above
132. The bar normally displayed along the botom edge of the application window is called_____
- a) Task bar
 - b) **Status bar**
 - c) Title bar
 - d) Menu bar
133. You cannot rename or reorder worksheets in MS-Excel. This statement is:
- a) True
 - b) **False**
134. Which one of the following field is not suitable to be set as a primary key in MS-Access?
- a) Passport number
 - b) Driving Licence number
 - c) **Name**
 - d) TIN number
135. Which type of memory is used for on-screen pictures and video?
- a) RAM
 - b) ROM
- c) **Video Rom**
 - d) Rom-Bios
136. Application software work among hardware to run a machine. The statemet if _____
- a) True
 - b) **False**
137. How can you dispaly a calendar?
- a) Clicking on Show Hidden icon
 - b) Clicking on windows icons
 - c) **Clicking on the time display**
 - d) Clicking on network icon
138. When are the table tools commands in MS Word displayed on the ribbon?
- a) **When you selet anywhere in a table**
 - b) When you select the title of a table
 - c) When you select anywhere on the page where the table located
 - d) All of the above
139. Antivirus softwre can detect viruses which the software knows about or not. The statement is _____
- a) True
 - b) **False**
140. IF is a _____ Function?
- a) Text
 - b) Fantional
 - c) **Logical**
 - d) Date and Time
141. Which one of the following is the CPU speed mesurment unit?
- a) **GHz**
 - b) MB
 - c) MBps
 - d) None of the above
142. When you open an email account you can enter data and submit it "It is actually _____"
- a) Table
 - b) Database
 - c) **Form**
 - d) None of the above
143. Shareware is a permanent free version of a software. The statement is _____
- a) True
 - b) **False**
144. Windows 10 icon is same for all computer weather it regular installation or custom installation. "The **statement** is"
- a) **True**
 - b) False
145. More Ram result in _____
- a) Higher clock speed of the CPU
 - b) More space for files stored on disk
 - c) **More space for working files and programs**
 - d) Decrease in computer's speed
146. What is the name of following comparison in access 2016?
- <>
- a) Equal to
 - b) **Not Equal to**
 - c) Less than
 - d) Grater then
147. If is a _____ function?
- a) Text

- b) Financial
c) Logical
 d) Date & time
148. When you move the mouse pointer over a _____ it changes to the shape of a hand.
 a. Text
 b. Picture
c. Hyperlink
 d. None of the above
149. An MS-word template can only be used once. This statement is:
 a. True
b. False
150. Which one is not an example of a common hand portable digital device?
 a. Personal digital assistant
b. Computer
 c. Mobile phone
 d. Media players
151. In MS excel, you cannot add or remove worksheets from a workbook. This statement is:
 a. True
b. False
152. If you slowly move the mouse pointer over the web page displayed on your screen, the mouse pointer changes to the shape of a small hand what does it indicate?
a. Hyperlink
 b. Cookies
 c. Virus
 d. All of the above
153. What should a password ideally be?
 a. At least 8 characters long & only word
 b. At least 8 characters long & only number
c. At least 8 characters long & only contain a mixture of words and numbers
 d. At least 8 characters long & familiar name to remember
154. Which one is the appropriate way to uninstall an installed program?
 a. Delete directly from installed folder
b. Uninstall using control panel
 c. Delete files created with that application
 d. All of the above
155. When you display a web site within your web browser, a copy of the information (both text and picture) is saved on your history:
 a. History
